

## **Presenting with a Bang.**

### **Starting & finishing so that your audience will listen.**

They say audiences decide within seconds whether to pay attention—and they leave remembering your final words. The beginning and ending of your presentation are the power moments that make all the difference. This interactive session will give you the tools, confidence, and practice to open with impact and close with power—so your message truly sticks.

Ideal for professionals who give talks, pitches, or run meetings. Leaders who need to influence and inspire and anyone who wants to speak with confidence in work and life.

You will ....

- ✓ Capture attention from the very first sentence
- ✓ Use 5 proven techniques to open with energy and relevance
- ✓ End with impact—so people remember your message
- ✓ Practice and receive feedback in a safe, interactive environment

Make sure every presentation you give starts strong and ends unforgettable.
